Logic Gate Question answers

Question 03.2 – the one you don't need to draw the gates on

Label	Gate
L1	NOT
L2	AND
L3	AND
L4	OR

Question 15 (the one you have to draw)

15		**3 marks for AO2 (apply)**  • **OR Gate**, with correct symbol used, with **TWO inputs** from B and C; • **AND Gate**, with correct symbol used, with **TWO inputs** from A and Gate A (even if Gate A is an incorrect gate); • Output from Gate B is the only connection to Q (even if Gate B is an incorrect gate);	3
