

Setting up a DVD cover

A standard DVD case (or game case) front cover is 130mm wide. The back is 130mm wide and the spine (the side) is 14mm wide

A total width of $130 + 130 + 14 = 274$ mm wide

The cover is 184mm tall

The cover needs to be suitable for printing - so use 300ppi

Back Cover

Spine - text goes this way up

Front Cover
