

Topic Area 3.4 – The legal issues that affect media

Note: the exam board includes this as part of Topic Area 3. I split it off into its own section as it seems to fit best like that

3.44 Health and safety	
Content	Notes on breadth and depth required
Health and safety risks and hazards in all phases of production Actions to mitigate (reduce) health and safety risks and hazards Risks assessments Location recces	To include: • Know common risks and hazards in media production • What is required of media producers to mitigate health and safety risks and hazards • What risk assessments are and the purpose of risk assessments • What location recces are and the purpose of location recces Does not include: • Specific legislation (Acts of Parliament) • The creation of a risk assessment or location recce document
