February 2026 iMedia PRE:

There will be lots of questions on different parts of the syllabus. There is **lots** to learn! This list is sections you might want to take a particular look at. They are either hard to learn, come up a lot, or sections that we think people tend to struggle on

- **Jobs** (section 2.2 – this is always hard to learn everything for)
- Ideas around **media codes** (section 2.5 – a big section with lots to learn)
- **Workplans** (section 3.1)
- **Asset logs** (section 3.3 – note that these are similar to but different from the assets tables you use)
- **Wireframe diagrams** (section 3.3)
- **Legal issues** (section 3.4 – lots of technical bits to learn here)
