

Turtle 3 – orange

Use the **orange** turtle playground for these challenges

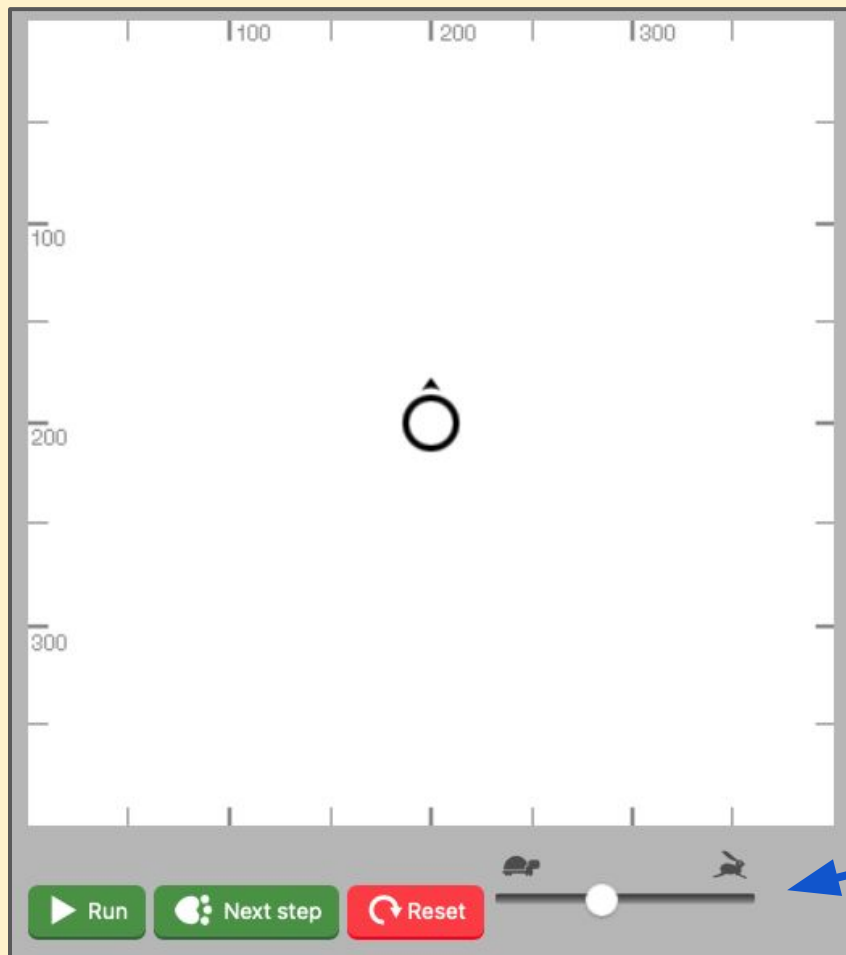

Make sure you **screenshot** your code for each solution

These are a bit trickier again and might take some trial and error

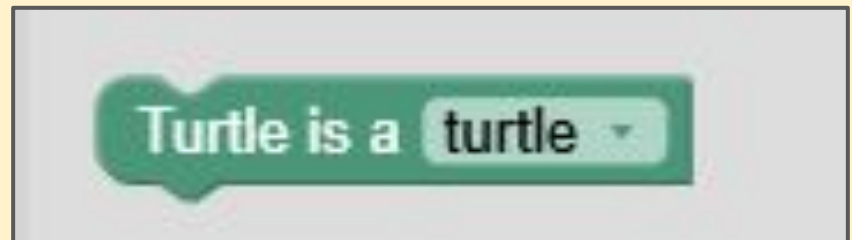

Ask if you need a hint

Turtle 3 – orange

The orange playground looks a bit different:

You can change the drawing point back to a Turtle using this block:

Speed control – for some of these challenges you might need to speed things up a bit

Turtle 3 – orange

This playground uses **three** sets of blocks and introduces loops – a way of repeating blocks of code
