

# IDMP Setup: order of work

1. Create a new PowerPoint. Save it in OneDrive
2. Set the layout to **blank slide**
3. Create **4 new slides** so you have 5 slides in total
4. Add a textbox to each slide to say what the slide will be used for – use the wireframe layouts
5. On the **homepage**, create navigation buttons
6. Add **hyperlinks** to buttons – carefully
7. Copy buttons to other pages
8. Add “home” button, hyperlink and copy
9. **IMPORTANT:** Set to Kiosk Mode
10. **IMPORTANT:** Test all the buttons
11. Create title bar – possibly in master slide
