

Video storyboard

Storyboards are planning documents

They show the **planned** scenes for a video

This will include information about sound and any text captions you plan to use

A storyboard is essential for this project

Video storyboard

Your 30–75 second video must include:

- at least **two** pieces of video
- at least **two** high-quality still images
- text titles and captions
- **copyright-free** sound

Your storyboard must include:

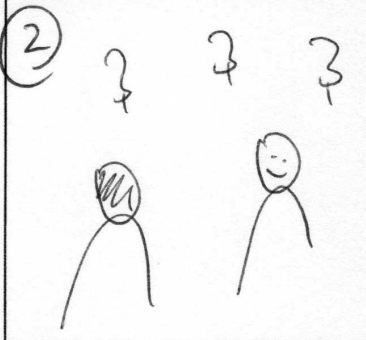

- an idea of **timings** used for each section
 - how long will it last for?
- **annotations** to describe what you plan to do
