

Interactive multimedia

- Creating the IDMP

Do now: make sure your IDMP is shared with me

1. Open your **IDMP file** in PowerPoint
2. Check the **client brief document** to remind yourself of the **client needs** (section 2 of IDMP pages)
3. Look at **someone else's work**:
 - a. tell that what you **like** about it
 - b. give them **up to three things** to improve
4. Make at least **one improvement** to your own work based on **feedback**
