

# Exploring Artificial Intelligence

**Artificial Intelligence (AI)** is a way of using computers which has grown rapidly in the mid-2020s

It seems to be on the news all the time

It's a complicated issue and people have strong views about it. But there's also a lot that we don't know or aren't sure about yet

# Exploring Artificial Intelligence

Start by thinking about what you already know or believe about **Artificial Intelligence (AI)**

Work through the statements in the booklet and say how far you agree with each one

There's no right or wrong answers here – and “don't know” is usually a totally reasonable answer! Try and explain your thoughts each time

# Exploring Artificial Intelligence

1 – I know what AI can do

# Exploring Artificial Intelligence

2 – I've seen AI used somewhere

# Exploring Artificial Intelligence

3 – I could write a definition of what AI is

# Exploring Artificial Intelligence

4 – I use AI

# Exploring Artificial Intelligence

5 – I know how AI works

# Exploring Artificial Intelligence

6 – AI is going to be important in the future

# Exploring Artificial Intelligence

7 – It's OK to use AI to do homework

# Exploring Artificial Intelligence

8 – It's OK if teachers use AI to mark homework and exams

# Exploring Artificial Intelligence

## 8 – It's OK if teachers use AI to mark homework and exams

I absolutely hate it when ai art is used by teachers. The students can't stand it, pexels and other creative sources exist, and why show your contempt for ethics like this?

# Exploring Artificial Intelligence

9 – It would be OK to use AI to complete GCSE or college coursework

# Exploring Artificial Intelligence

10 – I understand the pros and cons of using AI

# Exploring Artificial Intelligence

11 – AI is going to be good for everyone
