

Using AI responsibly

If people are going to use AI, we need to use it **responsibly**

But what does this mean?

Using AI responsibly

Task 1:

Find a definition of “making responsible use of” that you think is a sensible one to use in the context of AI

Definition:

Where did you get the definition from?

Using AI responsibly

Task 2:

Work through the 12 statements on these slides. For each one, say if you think it is a responsible use of AI or not and **justify** your answer

Using AI responsibly

1

Sharing AI generated rumours or fake news

Responsible or not:

Justification:

Using AI responsibly

2

Using AI as the only way to find information

Responsible or not:

Justification:

Using AI responsibly

3

Using AI to check your understanding

Responsible or not:

Justification:

Using AI responsibly

4

Using AI to help generate ideas

Responsible or not:

Justification:

Using AI responsibly

5

Believing everything AI says

Responsible or not:

Justification:

Using AI responsibly

6

Correcting AI mistakes before use

Responsible or not:

Justification:

Using AI responsibly

7

Using AI to do school work

Responsible or not:

Justification:

Using AI responsibly

8

Giving AI personal or sensitive information

Responsible or not:

Justification:

Using AI responsibly

9

Creating AI images of real people

Responsible or not:

Justification:

Using AI responsibly

10

Being open about when you use AI in work

Responsible or not:

Justification:

Using AI responsibly

11

Protecting privacy when using AI

Responsible or not:

Justification:

Using AI responsibly

12

Checking AI search results before using them

Responsible or not:

Justification:

Using AI responsibly

Summary: Come up with at least three rules for using AI responsibly

Rules:

- 1.
- 2.
- 3.

Using AI responsibly

Key question: Do you think you use AI responsibly?

Answer:

Using AI responsibly

Finishing off:

1. Make sure this presentation is saved in your **OneDrive**
2. **Share** it with me
3. **Delete** this slide

Then go on to the **Check AI Challenge work**
