

AI Data Centres – task 2

You need to make an **information kiosk** about data centres

The kiosk will be used to educate people about the impacts of new data centres on the area in which they are built

DO NOT COPY AND PASTE TEXT FROM THE INTERNET

A key skill is to be able to read text and
write in your own words

DO NOT USE AI TO WRITE FOR YOU

A key skill is to be able to write in your own words after having thought about an issue

AI Data Centres – task 2

The information kiosk will need to:

- be made in PowerPoint
- allow users to navigate around the kiosk using buttons (you did this earlier in the year)
- include information about data centres (see next slide)
- be easy for people to use
- be attractive and include suitable text and images

AI Data Centres – task 2

Slides needed:

1. Intro slide – with buttons to get to other slides
2. What are data centres slide
3. What do data centres look like slide
4. Why do we need data centres slide(s)
5. The impacts of data centres on the environment slides
(this will need more than one slide)
6. The impacts of data centres on the local area slide(s)
