

# Moved Duck - Order of Work

1. Set up the background image - 1080 x 1920 pixels
2. Fill the background
3. Bring in one duck - anywhere for now
4. Create a **Frame Animation**
5. Copy the first frame
6. **Move ducks into positions 1 (just on the canvas) and 2**
7. **Tween - adding 12 frames**
8. Add a new frame, move the duck and tween
9. Repeat until done - but what else could you tr
