- Learn how to create vector graphics

Start by:

1. Open your work from last time in Corel Draw (BST logo)
2. Look at **someone else's work**:
 - a. tell that what you **like** about it
 - b. give them **up to three things** to improve
3. Make at least **one improvement** to your own work based on **feedback**
4. Read the **slides from class**
