Norfolk Museums Service is producing a set of collectable cards to celebrate famous women who have lived or worked in Norfolk. School children will be able to collect the cards at different museums around the county. There will be several different cards showing women such as Edith Cavell, Dorothy Crowfoot Hodgkin, Boudicca and Delia Smith.

The cards will need to include suitable images.

(a) Create a mind map that can be used by the production team to help plan the capturing and editing of these images.

Marks will be awarded for:
- structure
- content
- relevance

[7 marks]

Question is level marks. The context is important answers must be relevant to planning image collection for the cards

Marks	Key points	Examples
Level 3 (6-7 marks)	Clear structure with logical connections Detail is clear and understandable Content is relevant Subject specific vocab used	Obvious central hub, nodes,, subnodes and links logically put together Content relevant to image collection for cards
Level 2 (4-5 marks)	Clear structure but not always logically organised Content not fully relevant Subject specific vocab occasionally used	Obvious central hub, nodes and links Subnodes may not be linked correctly to nodes Content may not always be relevant to image collection ideas
Level 1 (1-3 marks)	Simple diagram with little structure Links not totally logical Content may not be appropriate for the context Little subject specific vocab used	May lack any subnodes Content does not deal with image collection Max level 1 if an obvious mind map produced but the content is unsuitable
