

# Using mind maps

Mind maps are used to help get ideas for a project

You can use them to quickly gather information and ideas together in one place

They help make sure you've thought of lots of good ideas

# Using mind maps

- What does RNLI stand for?
- What do they do? Exactly
- When were they formed? By whom?
- What famous things have they done?
- Where around here do they operate?
- What help do they provide? What information do they provide for people?
- Who do they help?
- How would you contact them in an emergency? Who else could you contact in an emergency?
- What colours do they use?
- What do the people look like? The equipment?
